DEVELOPER'S PUBLIC REPORT
FOR A CONDOMINIUM**

CONDOMINIUM PROJECT NAME:	MAKANA KAI AT WEHILANI –PHASE I (INCREMENT 1-C)
PROJECT ADDRESS:	Waikoloa Road South Kohala, Hawaii
REGISTRATION NUMBER:	6320
EFFECTIVE DATE OF REPORT:	April 11, 2008
MUST BE READ TOGETHER WITH DEVELOPER'S PUBLIC REPORT DATED:	Developer's Public Report dated: June 19, 2007
DEVELOPER(S):	Castle & Cooke Waikoloa, LLC

Preparation of this Amendment

The Developer prepared this amendment pursuant to the Condominium Property Act, Section 514B-56, Hawaii Revised Statutes (HRS), as amended from time to time. Section 514B-56, HRS, requires that after the Commission has issued an effective date for the Developer's Public Report, if there are any changes, either material or pertinent changes, or both, regarding the information contained in or omitted from the Developer's Public Report, or if the developer desires to update or change the information set forth in the Developer's Public Report, the developer shall immediately submit to the Commission an amendment to the Developer's Public Report or an amended Developer's Public Report clearly reflecting the change, together with such supporting information as may be required by the Commission, to update the information contained in the Developer's Public Report.

The law defines "material change" as used in parts IV and V of Chapter 514B, HRS means any change that directly, substantially, and adversely affects the use or value of (1) A purchaser's unit or appurtenant limited common elements; or (2) Those amenities of the project available for the purchaser's use.

The law defines "pertinent change" to mean, as determined by the commission, a change not previously disclosed in the most recent public report that renders the information contained in the public report or in any disclosure statement inaccurate, including, but not limited to (1) The size, construction materials, location, or permitted use of a unit or its appurtenant limited common element; (2) The size, use, location, or construction materials of the common elements of the project; or (3) The common interest appurtenant to the unit. A pertinent change does not necessarily constitute a material change.

The filing of an amendment to the Developer's Public Report or an amended Developer's Public Report, in and of itself, shall not be grounds for a purchaser to cancel or rescind a sales contract. A purchaser's right to cancel or rescind a sales contract shall be governed by sections 514B-86 and 514B-87, HRS, the terms and conditions of the purchaser's contract for sale, and applicable common law.

This Amendment has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this amendment to the Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts, material changes, or pertinent changes about the project have been fully or adequately disclosed; and (3) is not the

Commission's judgment of the value or merits of the project.

The law defines "material facts" to mean any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale.

This amendment may be used by the Developer for promotional purposes only if it is used with the last Developer's Public Report in its entirety.

Prospective purchasers and purchasers are encouraged to read this amendment carefully and to seek professional advice.

Summary of Changes from Earlier Developer's Public Report:

This summary contains a general description of the changes, if any, made by the developer since the last Developer's Public Report was issued an effective date. It is not necessarily all inclusive. Prospective purchasers and purchasers must read this amendment together with the last Developer's Public Report with the effective date as noted on the top of page 1 if they wish to know the specific changes that have been made.

Changes made are as follows (include a description of what the change is and page number and or exhibit alphabet or number; additional pages may be used):

The completion deadline for any unit not yet constructed, as set forth in the sales contract, has not been revised.
